

Sundarban Tour 2017

21st February 2017, went to Sundarban with family and friends. Had to stay whole night at Mawa Ferry Ghat due to traffic. That created tension of losing ship to Sundarban. Finally, we managed to catch the ship. Pleasant beauty of Sundarban, cordial support by the agency and varieties of tasty food made the journey memorable. Personal arrangement of activities were football game, kites, preparing foods and fishing added extra joy to the trip. Journey included almost 3 days on the ship to visit Koromjol, Harbaria, Jamtola, Kotka, Hironpoint and Dublar Char. Every place was differently beautiful. We used small boat to visit Jamtola, Kotka, Hironpoint and Dublar Char which was adventurous.

Early morning walking to the Jamtola beach, spending evening on Dublar Char and witnessing dark night silent jungle was something special
